BENEFIT MOVIE
FOR KITCHEN IS
TONIGHT'S EVENT

Activities of Welfare Institution Are Given
Emphasis Today

The proceeds from the showing of a feature film at the Dixon theater this evening will go to the Dixon Loyalty League's Community Kitchen, and indications from the advance sale of tickets by school children are for packed houses at both performances. The school children, realizing the important part the kitchen has played in the schools of the city for the past two years have given liberally of their time in selling tickets for the performances this evening.

The kitchen was established and sponsored by the Dixon Loyalty League, beginning its operations Nov. 17, 1932 and has been in steady operation every day since that time and will continue to operate until April 27 of this year. To date there have been a total of 19,253 transients; meals to men employed at the community farm numbered, 1,583; a total of 50,850; hot meals have been served to school children of the city, making a total of 71,686 meals served from the kitchen.

Many Provisions
In providing food for these meals, it is interesting to note the quantities of the provisions that have been required for this purpose: 72,560 bottles of milk; 14,800 loaves of bread; 375 bushels of potatoes; 225 gallons of tomatoes; 60 bushels of carrots; 50 bushels of onions; 1,200 pounds of beans; 9,200 pounds of beef for about 16,100 gallons of soup.

The by no means represents the only activity at the kitchen. The above provisions, except the milk and bread were used almost entirely in soups prepared for school children. In addition, rolls and coffee, oat meal and pancakes have been furnished to transient men and women since the kitchen opened. Members of the Loyalty League provided a monthly fund to sustain the operation of the kitchen. Private donations from citizens, non-members of the league, of both provisions and cash and funds derived from other sources have made possible the continued operation of the kitchen since its opening. Repeated attempts have been made by members of the committee to interest the city council in the financial support of the project without success.

The committee in charge of the kitchen activities is composed of the following members: George Netiz, Frank Chiverton, Frank Sproul, Byron LeFebvre, Elmer Jones, J. M. Brady and Frank Stephan.

Disbarment Action
Against Jirka
Has Been Reinstated

Springfield, Ill., April 13—(AP)—Disbarment proceedings against Harold W. Jirka, brother of Frank J. Jirka, Director of the state Health Department, were reinstated today by the Supreme Court.

The proceedings, originally started by the Chicago Bar Association in 1929, were withdrawn when Jirka was found mentally incompetent. At a hearing February 14, Jirka was adjudged sane, and the old charge of unethical professional conduct was reopened. The court ordered Jirka to file the briefs in the case twenty days before the opening of the June term.

Harold Jirka was recently convicted in Cook county of aiding in smuggling guns into the jail for use in an escape plot.

FISH IN GREEN
RIVER KILLED
BY EXPLOSIONSRod & Reel Club Gets
Report from Biological Survey

Members of the Rock River Rod & Reel Club will meet this evening at 7:30 at the Klein & Heckman office to formulate plans for the location of a fish hatchery in this vicinity. Any who are interested in the movement are invited to be present.

A delegation of members of the local club motored to Amboy Tuesday evening and attended a meeting of the Green River Rod & Reel Club. A report was read from the state biological survey department, which has conducted an investigation at the request of the club officers to ascertain the cause of death of fish which have been found floating in Green River. The report stated that the investigation revealed that the fish had been killed by dynamite explosions.

The Amboy Club has its private bass hatchery near the Edwards ice house well under way, the members doing the greater part of the work. The concrete for the hatchery has been poured and the grading has been completed. The work has reached a point where it is expected that the breeders can be placed in the hatchery about April 25. A campaign for members is now being conducted by the Amboy Club.

School Election in
Dixon Tomorrow

The annual election for members of the Board of Education will be held tomorrow in the South Central school building, between the hours of 12 noon and 7 in the evening. Petitions have been filed by Otto F. Cooke to serve for president of the board for one year and Robert L. Warner and Orville W. Dodd to serve as members of the board for three years. President Cooke and Mr. Warner are candidates for re-election. L. E. Jacobsen is retiring from the board membership and Orville Dodd is a candidate to fill the vacancy.

Last of 102 Russian Castaways
Rescued From Arctic Ice After
Two Months Dangerous Experience

Moscow, April 12—(AP)—Soviet aviators, after weeks of hardships and misadventure, have succeeded in rescuing 102 Russian castaways from their two months experiences on floating Arctic ice.

Flying through polar storms and effecting landings on a precarious ice floe, aviators brought the last six members of the Cheluskien expedition to Cape Van Kahem last night. Altogether, 100 persons, including ten women and two children, have been rescued since April 7. An aviator and mechanic had their own plane.

Those rescued were members of a Wrangel Island expedition which was aboard the steamer Cheluskien when it sank February 13. The commander of the Wrangle expedition, Professor Otto Schmidt, was taken earlier this week to Nome, Alaska, by plane for treatment. It was feared he might have pneumonia.

INSULL JOCULAR
AS TRAIN NEARS
PORT OF SMYRNA

He Has Cast off Appearance of Despair:
Slept Soundly

Panderna, Turkey, April 13—(AP)—Samuel Insull turned jocular today on a little train chugging toward Smyrna, where a ship waits to return him to the United States for trial.

To the surprise of fellow-passengers, he cast off his appearance of despair during the night voyage by ship from Istanbul to this Marmora sea port. He even joked about the seven-man Turkish escort.

"It is remarkable," he said in jest, "that I should need an escort of seven. I'm perfectly harmless." That was over the after-dinner coffee aboard the steamer Adana enroute from Istanbul.

The fact that he was beginning a journey against which he fought a year and a half before finally being jailed by Turkish authorities at Washington's request, did not disturb Insull's sleep.

Slept soundly when the Adana docked here at 3 A. M. He was taken ashore at 6:15. Half an hour later he was aboard the train, Smyrna-bound.

The train was due at Smyrna, about 175 miles from Panderna, at 8:30 o'clock tonight. There, aboard the American export liner Ekilona, Insull will be handed over to Turkish Y. Berry of the American Embassy at Istanbul. Berry was designated to accompany him home.

The trip may require a month. Frequent stops probably will be made as the vessel meanders through the Mediterranean. Then it will cross the Atlantic to Boston and New York.

The gray-haired old man laughed frequently at dinner on the Adana. Nine of the ship's eleven first-class passengers dined with him. Berry and Maj. John A. Crane, Military Attache at the Istanbul embassy, did not appear at the table.

At their father's bedside when he died at 3:30 o'clock this morning were his son, William Ernst of Asheville, N. C., and his daughter, Mrs. John O. Darnall of Cincinnati, and her husband.

In the Scandinavia countries, midwives receive a small salary from the state and community, besides being permitted to charge a small fee.

Continuing, he said he expected to get publicity on the fish he caught off the coast of Florida but there had been too much competition because "you people have been going from Work to Wirt" This also brought a laugh from the crowd.

"Newspapermen on the train coming up," Roosevelt said, "have been trying to get me to say that I hoped Congress would soon adjourn."

"But I wouldn't say it, because I hope you can stay just as long as you like to."

Rarely Over 110 Above
"To you younger men I want to point out from years of experience in Washington the advantages of the Washington climate. In July and August it rarely gets above 110 degrees and there is absolutely no humidity."

Becoming more serious, he spoke again of having had a wonderful time on his vacation and expressed regret that the members could not have been with him during those two weeks of rest.

He said that he was coming back "with all sorts of lessons I learned from barracudas and sharks and I'm a tough guy."

He concluded smilingly inviting the members to come and see him soon as they could and told them "I will teach you some of the tricks I learned."

With that, the President walked to the automobile which took him to the White House.

Apparent Victor in Primary Displaced by Official Count
Charleston, Ill., April 13—(AP)—Harvey O'Hair, incumbent Democratic Assemblyman from the 24th Senatorial district, who appeared to have been a victor in his race for re-nomination on early returns, was being displaced today as various counties were completing their official caucuses.

The unofficial returns had indicated O'Hair as winner by a small margin. Today, however, James M. Turner, Clark county Sheriff, was the apparent victor with a margin of 250 votes over O'Hair. If Turner is declared winner his Democratic running mate will be Rep. Sol Hardy also of Clark county. One of the two Republican nominees, Clark G. Strom, is a Clark county resident. His running mate will be Orion B. Goble of Coles county. Clark, Coles and Douglas counties comprise the district.

INSANE MOTHER
TO ATTEND HER
BABY'S FUNERAL

Officials to Respect Her Profound and Pathetic Desire

Chicago, April 13—(AP)—As plans were completed for the burial today of little Dorette Zietlow, victim of a youth's peculiar lust, officials launched a vigorous campaign to control juvenile delinquency.

The girl, 2½ years old, died of exposure after being lured to a deserted ice house and abandoned. George Rogalski, 13, described by psychiatrists as a "moral imbecile, but legally sane," confessed his guilt.

Describing all present methods of curbing delinquency as inadequate, Police Commissioner James P. Altiman said last night he would call a conference of prosecutors, judges, psychiatrists, and school officials to work out a concrete and workable plan for the future protection of girls of all ages.

Dr. Daniel P. MacMillan, head of the public schools child study division, offered a plan for the hunting out and segregation in institutions of youth of unnatural impulses.

He said he would ask the school board to supply a staff of 25 child study experts to make a survey of the entire school system with this purpose in view.

Meanwhile, officials of the state hospital for the insane at Dunning said they would permit Dorette's mother, a patient, to attend the funeral, as she had expressed a profound and pathetic desire to see her baby once more.

Ex-Senator Ernst
of Kentucky Dead
at Johns Hopkins

Baltimore, April 13—(AP)—Former United States Senator Richard P. Ernst of Kentucky, 76, died early today at the Johns Hopkins hospital where he had been a patient for the last two weeks.

The former Senator suffered a stroke aboard the liner California enroute from Colon, Panama, and was rushed here immediately after the boat docked in New York.

After showing improvement at the hospital, Ernst took a turn for the worse late Tuesday and declined steadily. He suffered an attack of pneumonia in addition to the stroke.

At their father's bedside when he died at 3:30 o'clock this morning were his son, William Ernst of Asheville, N. C., and his daughter, Mrs. John O. Darnall of Cincinnati, and her husband.

Old Man Winter
Just Won't Admit
Spring Has Come

BY THE ASSOCIATED PRESS
Winter, having done a fine job of record-breaking cold, seems unwilling to admit that spring is here.

Snow fell yesterday as far south as Dahlonega, Ga., where the Blue Ridge mountains were edged in white.

In upstate New York the snow reached a depth of 18 inches near Utica.

An anemometer atop Mount Washington in New Hampshire recorded a 331-mile-an-hour wind.

Heavy rain and melting snow overtaxed many New England rivers and necessitated removal by boat of several families from homes at Rutland, Vt.

PRESIDENT IN
HAPPY MOOD ON
RETURN TODAY

Jokes About Trip and Congress' Doings as He is Greeted

Washington, April 13—(AP)—President Roosevelt was welcomed back from his Florida vacation today by some 200 members of Congress.

"I can't be truthful and say I am glad to get back when I'm sorry," he told them jocularly when cheering subsided.

"While I've had a wonderful time I gather that both houses of Congress have also had a wonderful time."

Laughter greeted his sallies. The congressional delegation, led by Vice President Garner and Speaker Rainey, had marched over to the Union Station from the Capitol behind the Marine Band.

When the presidential train arrived Mrs. Roosevelt, accompanied by her daughter, Mrs. Anna Dall, her daughter-in-law, Mrs. James Roosevelt, and her son, Elliott, immediately went aboard.

A few minutes later the official Senate and House committees went into the President's car.

The congressional contingent outside shouted and applauded when the President later emerged on the arm of his son, James. The band played "Hail to the Chief."

Just after that the President said he was "very glad to see you all" and thanked the members of Congress for coming to welcome him.

Continuing, he said he expected to get publicity on the fish he caught off the coast of Florida but there had been too much competition because "you people have been going from Work to Wirt" This also brought a laugh from the crowd.

"Newspapermen on the train coming up," Roosevelt said, "have been trying to get me to say that I hoped Congress would soon adjourn."

LABOR NEWS OF
TODAY IS BOTH
GOOD AND BAD

Unrest Growing in Several Large Centers
Of Big Industry

By The Associated Press
At least two developments gave a brighter hue today to the industrial situation.

Ten per cent wage increases were announced last night for all workers on boats operated by the Lake Carriers Association. If all 400 boats operated by members are in service this year about 13,000 persons will receive the increase.

Employees of the Nash Motor Company's Kenosha, Wis., plant voted to accept new wage concessions from the company and end a six weeks' strike.

Elsewhere unrest grew and in some places was marked by violence.

A strike of tool and die makers in 45 of Detroit's 62 job plants became effective at midnight. Approximately 3,800 men are affected. The other 17 plants, employing 1,200 men, negotiated separate agreements.

Two thousand workers at the Electric Autolite plant in Toledo, O., dropped negotiations for a five per cent wage increase May 1 and walked out.

Two branches of the glove cutters' union at Gloversville, N. Y., comprising 900 of the 3,000 union members, voted to walk out at 5 P. M. today unless their wages were increased.

Two Pickets Shot
Worsted Mills Company plant were shot, one suffering serious wounds. They told police an unidentified man fired at them with a shotgun. A strike has been on at the plant for several weeks.

Authority to call a strike at the St. Louis Chevrolet and Fisher Body plants was voted the executive committee of the Federated Automobile Workers of America at a meeting of workers late last night. The trouble is over the alleged refusal of the two companies to rehire about 250 men, most of whom have been active in union affairs.

MIDWEST: CUTS
RECEIVER COST**

One Firm Will Soon
be Able to Take
Care of Case

Chicago, Apr. 13—(AP)—The resignation of the law firm of Schuyler, Weinfield & Hennessey as counsel for the receiver of Middle West Utilities Company was tentative and accepted today by Federal Judge Walter C. Lindley.

Charles A. McCulloch, sole remaining receiver of the Insull holding company, presented the letter of resignation, which explained that the point shortly would be reached where all legal work could be handled by a single law firm and the discharge of one of the two firms originally appointed costs of the receivership.

The resignation was made effective April 30. Retirement of Schuyler Weinfield & Hennessey will leave Barry, Johnston, Peters & Dixon as receiver's counsel.

McCulloch told Judge Lindley the lawyers had rendered valuable service to the trust and had fully cooperated in administering the receivership.

Anti-War Rally
at Harvard Ends
in Battle Royal

Cambridge, Mass., April 13—(AP)—Flying grapefruit and onions today turned an anti-war meeting of Harvard students into a burlesque battle.

There seemed to be a division of thought on the subject of war versus peace.

The meeting began as planned. More than 2,000 students gathered in the Harvard yard for the anti-war convocation, called by the National Student League and the Student League for Industrial Democracy.

Scarcely had the meeting got under way when members of the Michael Mullins Chowder Club and Marching Club of Harvard appeared. They very definitely favored warfare as an instrument to settle international and campus disputes.

Got War at Once
Shouting "we want war," they got it, for the pacifists were immediately converted to idea that war was all right in such an emergency.

Vegetables filled the air. No one was hurt. This phase of the meeting might have been more widespread and longer had not yard police confiscated a considerable quantity of grapefruit before the hostilities began.

One of the pro-war students, dressed as a Boy Scout, sounded martial blasts from a trumpet. Another, dressed in Nazi garb, shouted "Hail Hitler."

While the anti-war groups attempted vainly to address the crowd a vociferous group broke into the song calling upon the students to "Fight, Fight, Fight."

Albert A. Mallinger, Harvard student speaking for the anti-war faction, alone was permitted to complete his address, and that with difficulty.

SOUTH HOLLAND
TORTURERS ARE
THOUGHT TAKEN

Two Held in Missouri
May be Wanted in
Cook County

Chicago, Apr. 13—(AP)—Two men being held by Missouri state highway police at Paxton, Mo., are suspected of being members of a gang of six which on last Sept. 27, tortured a farmer and his three sisters of suburban South Holland and robbed them of their life savings Police Chief Leonard Lagette of the suburb said today.

Chief Lagette said he would request further information of the pair, Thomas Johnson and a man named Buchanan, from the Missouri authorities.

The victims in the South Holland case were Richard Vinke, 61, and his sisters, Jennie, Maggie and Johanna.

The men drove up to the Vinke house in an automobile, threatened to cut out the eyes of all four if they did not reveal the hiding place of the money and then tied them to chairs. After smashing drawers and slashing furniture, the gang found the money. The victims refused to reveal the amount.

FRANCIS HENRY,
EARL NOLAN IN
RACE FOR MAYOR

Results of the Primary at
High School Obtained
this Morn

By Bradley Moll.
Climaxing their election by a vigorous test of rallying strength the various Dixon High School political candidates gave last minute appeals and talks to the student body in a general assembly at 3:25 yesterday afternoon. The final results of the election were obtainable this morning at 11 o'clock and with the student body living in terrible suspense until the final news breaks in the issue of the Dixon which comes out immediately after school.

The campaign took on an entirely new light after the assembly of yesterday, for the simple reason that some of the candidates won many a new vote by virtue of some well worded talk or appealing to the logic of their listeners. In addition to their last minute talks candidates did a little early morning campaigning before the school went to the polls. After a good deal of feverish running around and swearing to absolute secrecy for the entire day the results were obtained.

For Mayor:
Francis Henry—301.
Earl Nolan—198.

For Commissioner:
Albert Kennedy—357.
Fred Padgett—274.
Jimmy Withers—268.
Lloyd Muzey—262.
Harry Lazier—253.
Louis Salzman—249.
Genevieve Reitzel—201.
George Curtis—185.

For Police Magistrate:
Junior Blimling—265.
Lyle Bellows—160.

From these candidates there will be selected one mayor, four commissioners and one Police Magistrate.

WASHING THE DISHES
By Christopher Morley

WHEN we on simple rations sup
How easy is the washing up!
But heavy feeding complicates
The task by soiling many plates.

And though I grant that I have prayed
That we might find a serving maid,
I'd scullion all my days, I think,
To see her smile across the sink.

I wash, she wipes. In water hot,
I souse each dish and pan and pot;
While Taffy mutters, purrs and begs
And rubs himself against my legs.

The man who never in his life
Has washed the dishes with his wife
Or polished up the silver plate—
He still is largely celibate.

One warning; there is certain ware
That must be handled with all care
The Lord Himself will give you up
If you should drop a willow cup!

Miss Esther Barton Addresses Rochelle Woman's Club

The Rochelle News of Thursday, April 12th, prints the following article of interest here, as Miss Barton has many friends here:

The Arts Department of the Woman's Club met April 9 with Mrs. R. J. Caron.

Miss Esther Barton, principal of the E. C. Smith school of Dixon, gave one of the most interesting and entertaining programs of the year. Miss Barton left the first of June, 1933, for a trip around the world with a lady companion and they were gone four months, spending most of their time in the Orient.

Miss Barton was very enthusiastic on her trip and made her hearers feel they were with her on the journey. She was so interested in the schools of Japan and said that the buildings were very fine and the children's work excellent. She passed many fine pictures of paintings made by the children of the first and sixth grades that were given her when visiting the schools and told many interesting facts concerning the school she visited.

The excellent basketball games she saw among the younger children of the sixth grade. As they are all anxious to be tall they are very enthusiastic over athletics.

She told of their interesting experience in living in a Japanese hotel for a few days. The Japanese are so very polite and very courteous to the people of the east. Miss Barton had purchased many beautiful articles of dress that the Japanese, Chinese and Indian wo-

men wear and had them on exhibit at the meeting.

Many interesting pictures were passed, also a very fine Japanese magazine printed in English but had many beautiful pictures of Japan and its people. She also told us of their interesting visit in China. They next went to India. She said "India was the strangest and loveliest of all the countries and that they saw the nicest things in India."

They came home through Europe getting back about October 1st. Miss Nichols and Mrs. J. R. Palmer were also Dixon guests of the club. The Dixon guests were luncheon guests of Mrs. G. N. Grieve.

Pleasant Thoughts Aid to Digestion

By ALICIA HART

A dinner table illuminated by soft candlelight, is the perfect setting for a woman's beauty. And her beauty is doubled if she is a gracious hostess or guest.

Pleasantness at the table, health authorities tell us, makes for better digestion. And correct digestion is absolutely necessary to a flawless skin, shining hair and bright eyes. So, once again, manners and charm are, or should be, part of a woman's campaign for beauty.

Think pleasant thoughts when you eat. The dining hour is a poor time to launch on contentious subjects. Arguments have no place at the table. Save the budget wars until after dinner and lecture John about his latest report card after breakfast.

Eat slowly and confine your conversation to subjects that excite neither you nor your guests. Etiquette plays an important part in your charm and beauty at the table. If you aren't quite sure of the rules of good conduct, get a reliable guide book and learn all about them.

Wedding of Last August Announced

A marriage that took place on August 12, last year, at the St. James Catholic rectory in Belvidere was announced yesterday by Mr. and Mrs. Clark Rosenow, who reside near Lyndon, in Whiteside county. The bride is the Rosenow's oldest daughter, Hazel Ida; and the groom is Lester R. Loftus, son of Mr. and Mrs. John Loftus of Albany township, Whiteside county. The bridegroom was the only Democratic candidate for nomination as Whiteside County Superintendent of Schools in Tuesday's primary election.

Mrs. Loftus, who was graduated from Lyndon high school and Northern Illinois Teachers college, DeKalb, taught for a year at Eureka school near Hillsdale in Rock Island county, and for two years at the Valley school near Fenton. She is a member of the German Lutheran church in Morrison.

Mr. Loftus, a graduate of Wartburg College, Clinton, Ia., has been teaching at the Dublin school near Albany for the past three years.

An Eat and Grow Thin Diet

Baltimore, Apr. 13 —(AP)—Dr. George A. Harrop, Jr., of Johns Hopkins has worked out an eat-and-grow-thin diet.

Bananas and skimmed milk are the answer. Moreover, the patients do not go hungry, the doctor says. As tried out at the metabolism clinic of the Johns Hopkins University, patients eat four to six bananas and drink three or four glasses of skimmed milk daily for two weeks. They lose six to 10 pounds.

Then follows a two weeks off-diet period in which they eat fish, meats, eggs and vegetables but refrain from fats and starches. Then back on the diet again for two weeks, losing six to 10 pounds more. Some, by following this al-

ternating system, have lost 50 pounds in a few months.

For milder diets the bananas are increased to seven or eight and the milk to four glasses.

Bride-to-be Honored by Grace W. M. S.

A joint meeting of the Women's Home and Foreign Missionary Society and the Young People's Missionary Circle of Grace Evangelical church was held on Tuesday evening at the church.

As this was a birthday banquet, the basement was beautifully decorated, also the tables. Those having their birthday in the same month, were seated at one table. After a bountiful supper, the following program was given:

Toast, "To Our Mothers"—Miss Mae Rueter
Toast, "To Our Daughters"—Mrs. Fred Kraehler
Devotions—Mrs. Roy Wulbrandt
Vocal duet—Miss Mildred Hartman and Mrs. Roy Finney

The lesson study for the Missionary Society was given by Miss Rilla Webster.
Leaflet—Mrs. Ed Graves
Lesson Study of Y. P. M. C.—Miss Marion Buzzard

"What We Were Thinking When I Was a Girl"—Mrs. A. D. Shaffer
Our Treasure Chests—Mrs. A. W. Hartman

Piano duet—Miss Hazel Rhodes and Randall Wulbrandt
"What We Are Thinking Today"—Miss Audrey Stewart
"Other Mothers and Daughters"—Mrs. I. Divan

Missionary Opportunities Facing Girls of Yesterday and Today—Mrs. Norman Dietrich

Mrs. A. D. Shaffer then took the floor, without knowledge of Mrs. Sarah Reis, who had charge of the program, and in a few well chosen words presented Mrs. Reis, with a beautiful lamp and table, the gift being from the ladies of the W. M. S. Mrs. Reis is soon to become the bride of Otto Voigt of Polo. Mrs. Reis has endeared herself to all in the church and will be greatly missed. All are happy to know she is not going far away, and will be with her friends of the church here as often as possible. All join in wishing her in advance, happiness in her new home.

The two societies then held a short business session, after which all departed for their homes, having had a most enjoyable evening.

Card Party Sponsored by W. S. Patrol Team Great Success

The Card Party sponsored by the Patrol Team of the W. S. of J., at the Dixon Masonic Temple, last evening was a most decided success. Twelve of the Dixon merchants had donated prizes. The "door prize" which consisted of eight or nine varieties of fancy cheese preparations, dressings and other delicious foodstuffs, donated by the Coss Dairy, was won by Prof. A. C. Bowers. In the auction bridge tournament, the ladies high prize, a beautiful glass vase and stand, donated by the Tien Jewellery Co., was won by Florence Merriek. The second prize, a large box of hosiery, donated by Mrs. Louis Beard, was won by Mrs. Louis Pitcher. The consolation prize, a beautiful box of candy, donated by the Cledon Candy Co., was won by Miss Weaver. The gentlemen's high prize, a very fine card table, donated by the Mellott Furniture Co., was won by C. K. Willett. The second prize, a large mirror, donated by the Kreim Furniture Co., was won by F. D. Smith and the consolation prize, a silver ash tray, donated by Boynton Richards Co., was won by Dr. Kenyon B. Segner.

The high prize for the ladies in contract bridge, a beautiful scale, donated by the Ware Hardware Co., was won by Mrs. Wm. J. Sullivan. The second prize, a very pretty plant, donated by the Patterson Flower Co., was won by Mrs. Mark Keller. The first gentlemen's

prize, a certificate entitling the holder to a cleaning and pressing of his suit, donated by the Quality Cleaners, was won by O. L. Gearhart and the second prize, a very fine deck of cards, donated by Harry Stephan, was won by G. W. Gehant.

Following the games, delicious refreshments were served by the ladies of the patrol team and on leaving all thanked the ladies for a most enjoyable evening.

F. A. Brown Was Honored Saturday

Foy A. Brown of Dixon was pleasantly surprised at his home Saturday evening on the occasion of the twenty-fifth anniversary of his employment with the Prudential Insurance Company. Fellow agents and office associates from Dixon and Sterling attended, furnishing a bounteous picnic supper.

Progressive 500 was the order of the evening until a late hour, when Mr. Brown was presented with a beautiful gift as a memento of the occasion, and as a reminder of the high esteem which his fellow workers hold for him. In responding to the presentation, Mr. Brown graciously regaled the guests with some incidents of twenty-five years ago, in connection with his early trials in introducing insurance to the public. He also displayed the diamond service emblem presented to him by the Prudential Company in recognition of his long service.

Those present at the occasion were Mr. and Mrs. L. E. Sheller, Mr. and Mrs. L. P. Prater, Mr. and Mrs. Malcolm Brown and Mr. and Mrs. Foy A. Brown, all of Dixon; Mr. and Mrs. C. E. Tousey, Mr. and Mrs. George N. Griffith and Mr. and Mrs. L. O. Hoak from Sterling; Mr. and Mrs. A. L. Smith attended from Mendota.

Mrs. L. E. Sheller and C. E. Tousey won the prize for high score at cards, while Mr. Sheller and Mrs. A. L. Smith won consolation prize.

At a late hour the guests departed, wishing Mr. Brown many more happy years of service with the Company.

Miss Teeter Is Honored at Party

Last evening Miss Helen Finley delightfully entertained at her home with a miscellaneous shower honoring Miss Phyllis Teeter whose engagement to Charles E. Myers has been announced.

At bridge, the evening's diversion Miss Dorothy Hoffman won the favor for high honors and Miss Marnelle Minnehan was awarded the consolation favor.

A daintily appointed luncheon was served with decorations of attractive spring flowers and tapers in harmonizing shades.

Miss Teeter received from her friends a number of lovely gifts, with best wishes for happiness.

Miss Evelyn Garrett, prominent in the affairs of Aurelia Rebekah Lodge No. 161 of Amboy and vice president of the district during the past year, was elected president of the District Eight Rebekahs at the election of officers held at the annual convention in Pul-ton, Saturday. The annual district convention is to be held in Amboy next year.

Mrs. Harold Walker was elected district secretary. Others attending the convention besides Miss Garrett and Mrs. Walker included, Mr. and Mrs. William Kidd, Mrs. Arthur Bloomquist, Mr. and Mrs. E. O. Conderman, Mr. and Mrs. James Garrett, Mrs. Mary Schmahl, Mrs. Gladys Gross and Mrs. Forrest Miller.

Meeting of Prairieville Social Circle

An all day meeting of the Prairieville Social Circle was held at the Prairieville church Wednesday.

The usual picnic dinner was unusually good and all had the best of appetites. Sewing for each other was the main work. After the business meeting the program consisted of a little playlet called "Why the Wash Didn't Get Out in Time," also a reading by one of the members. One new member was added to our Circle, Mrs. Sam Seavy. There were fifteen members, one guest and two children present.

The next meeting will be held in two weeks at the home of Mrs. Alfred Strock, northeast of Sterling on the Strock road. All members are cordially invited to be present and bring their thumbs by order of the president.

KENTUCKY RACE COMMISSION TO WAR ON DOPERS

Saliva Test to be Applied at Churchill Downs Meeting

Louisville, Ky., April 13.—(AP)—The saliva test will be used at the Churchill Downs race meeting, starting April 28 and climaxed May 5th with the running of the Kentucky Derby, in an effort to stamp out the use of narcotics in stimulating thoroughbreds, the Kentucky State Racing Commission voted last night.

A veterinarian will select horses he believes may have been stimulated, and they will be subjected to the test. Trainers, jockeys and other stable attaches licensed by the commission must furnish their entire life histories, and any suspected in the past of administering narcotics will be denied licenses.

Applications for licenses will carry a waiver permitting search of all property owned by owners, trainers, jockeys and stable attaches and preventing filing of suits against the racing association by any so licensed. The stewards will conduct hearings on any case of suspected stimulation, and mete out punishment at their discretion.

Dan Sabath's leading Kentucky Derby nominee, Albert Sabath, worked a brilliant mile in 1:41 4-5 Thursday, and galloped out the full Derby distance of a mile and a quarter in 2:11. Norman D., another eligible from the same stable, went seven-eighths, pulled up, in 1:31 4-5.

Both Albert Sabath and Norman D. were attached in a suit filed by Mr. Ruth Crump, who claims Sabath and Bert Mitchell, trainer, owe her \$720 due from winnings and sales of a horse named Rego. Mrs. Crump, wife of former jockey Willie Crump, sold Head Play, the local favorite, on the eve of last year's Derby to Mrs. Silas B. Mason.

Girls Ready for National Indoor Meet in Brooklyn

New York, Apr. 13.—(AP)—Although nearly 200 girl athletes from the eastern half of the United States and Canada have entered the national indoor track and field championships for women, to take place tomorrow night at the Second Naval Battalion armory in Brooklyn, lack of expense money has forced some of them to adopt novel means of travel.

The team representing the Laurel Ladies Club of Toronto came in several automobiles, driving in a

Basketball Rules Will be Discussed; No Changes Likely

New York, April 13.—(AP)—A three-day meeting of basketball officials and coaches opens today with a meeting of the Chartered Boards of Approved Basketball Of-

ficials, but no important changes in the conduct of the game are expected to result from the discussions. After being sifted by a special committee, proposed rule changes are to be presented Sunday to the National Basketball Committee of the United States and Canada. So far, satisfaction has been generally expressed with the game as it stands and only minor alterations are being considered.

Upsets Feature of Mason-Dixon Play

White Sulphur Springs, W. Va., April 13.—(AP)—Another round of upsets today had left Robert Lester of West Orange, N. J., and Daniel R. Topping of Greenwich, Conn., to fight it out for the Mason and Dixon golf championship today.

Neither was rated as a strong favorite after a week of play which saw the gallery idols topple one after another. Lester attained his final bracket by conquering the conqueror, Robert A. Stranahan of Toledo, who in two previous days had eliminated the defending champion, Roof Gilson of Jackson, Mich., and a former titleholder, E. G. Livesay of Columbus, O., the national left-handed champion. His margin was 5 and 4.

Topping scored an easy triumph, eliminating Arthur Lynch of Manassas, N. Y., co-winner of the qualifying medal, 7 and 6.

VOTERS TO HEAR MUCH ABOUT NEW DEAL THIS YEAR

35 Senators and Whole House to be Elected In November

New York, April 13.—(AP)—Voters are to hear much about the new deal before 35 Senators and a new House of Representatives are elected in November.

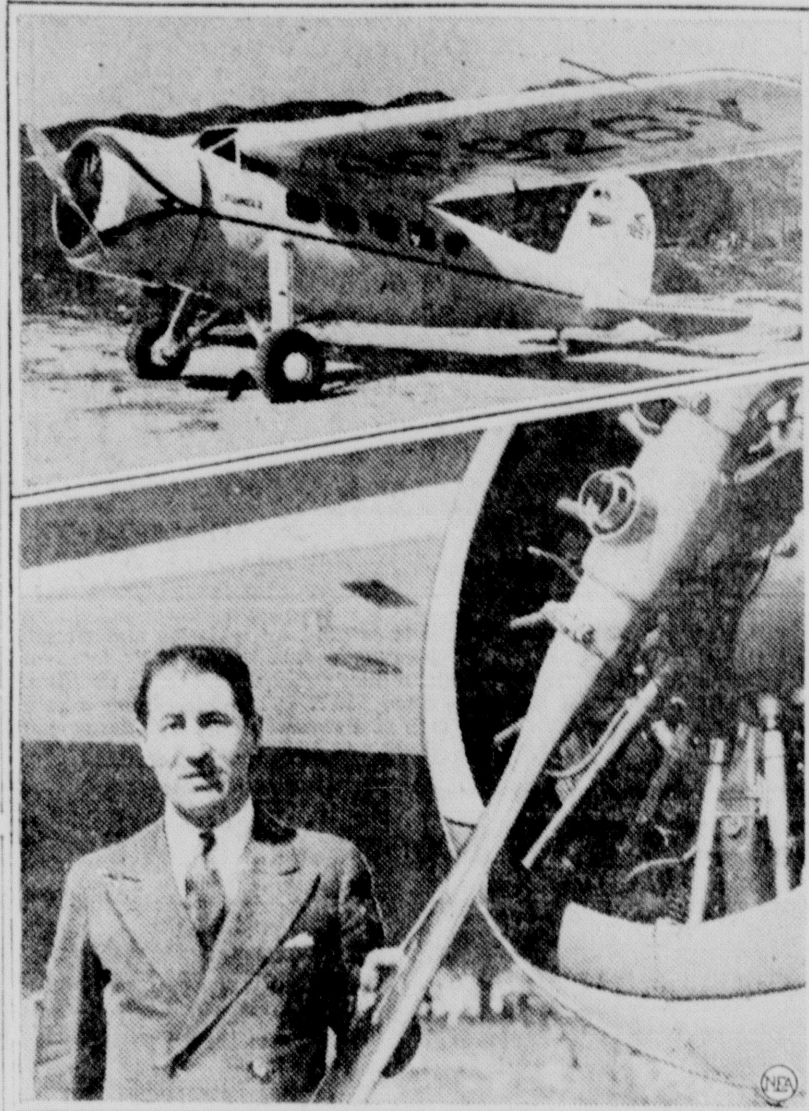

Democratic leaders interpreted the results of the first congressional primary of the year—that in Illinois—as favorable to Roosevelt's program, but it is to receive a more direct test at the polls in primaries in other states.

The size of the Democratic vote in Illinois was hailed by Speaker Rainey of the House of Representatives as "a wonderful endorsement of the new deal." Representative Byrns of Tennessee said it was a demonstration that the people of Illinois are determined that the recovery program shall not be wrecked. No Roosevelt issue was before the voters, however.

In Pennsylvania, May 15. Republicans will have opportunity to express themselves at the polls on the senatorial candidacies of two men, one of whom has supported Roosevelt's program in public utterance and the other of whom has criticized it.

Senator David A. Reed, seeking renomination, has said: "I'll continue to resist those experiments of the present Washington government which I regard as futile and fantastic... America is being fed

DUN-BRADSTREET REVIEW STRESSES LIKELY DANGERS

Says Recovery Should be Allowed Unhindered Movement
New York, April 13.—(AP)—Reports from every part of the country this week brought uniform proofs of a further definite upswing in business industry, said Dun & Bradstreet weekly trade review today.

The review commented that "while full credit is accorded the emergency legislation enacted last year for the wholesale betterment provided by the strong foundation laid for business recovery as well as for the strengthening of the nation's banking structure, considerable stress is now being placed on the need for allowing the forward movement to proceed unhindered by new and unnecessary restrictions."

tail trade, the review asserted that "almost without exception, the leading retailers of the country find that the tapering off in business, which usually is apparent after Easter, has not developed, as volume last Saturday in some centers was the heaviest for any single day in three years, with the gain reaching 40 to 50 per cent over the comparable period last year, when Easter buying was at its peak."

"In the industrial divisions operating schedules are rising at a more rapid rate than they did in March, unaffected to any major degree by the labor difficulties still unsettled in some districts."

"The leading wholesale markets became unexpectedly active this week, as many buyers were forced to replenish spring goods which had been ordered too sparingly."

HEART BALM OF \$5,000 AWARDED MOVIE ACTRESS

Marjorie Gay Is Winner of Suit Against Harry J. Brown

Los Angeles, April 13.—(AP)—The disappointment in love which Marjorie Gay, screen director, married Sally Eilers, film actress, brought her a judgment for \$5,000 today from a Superior Court jury of seven women and five men.

Miss Whitties, known on the screen as Marjorie Gay, expressed satisfaction with the verdict. She had sued Brown for \$100,000, claiming he jilted her last fall after a four-year romance.

"The \$5,000 will be just a little souvenir for Miss Gay," Brown commented. "However, we will consider an appeal."

His counsel, C. E. Millikan, described the verdict as a clear-cut victory "because of the small sum granted by the jurors."

As the telegraph filed out of the courtroom to begin deliberations, Miss Whitties said:

Jury Out 7 Hours
"I don't care what they give me as long as they return a verdict that I was wronged."

The jury deliberated almost seven hours, reaching its verdict by a vote of nine to three.

The actress had asserted that Brown proposed to her in 1929 in his apartment and later they discussed plans for a home and made some household purchases.

Brown denied he had proposed to her. His attorneys summoned a small array of film celebrities—including Skeets Gallagher, comedian; Arline Judge, actress; and Mrs. Faylis Daniels, mother of Bebe Daniels, screen star, to show none of them knew of the asserted marriage proposal.

Throughout the trial Miss Eilers was at her husband's side.

MUCH INTEREST SHOWN IN BIBLE MEETINGS HERE

Messianic Strain in the Old Testament was Shown Last Eve

At the union Bible meeting at the First Methodist church last night Mr. Halley's subject was "The Messianic Strain of the Old Testament." His object was to illustrate the central framework around which the Old Testament was made. He made the statement that the Old Testament is the story of God's founding and nourishing the Hebrew nation for the one specific purpose of blessing all nations. As the story proceeds it is explained that the way the Hebrew nation would bless the world would be through the family of David. Then it is further explained that the way the family of David would bless the world would be through one Great King who would one day be born in the family, who would himself personally live forever and establish a kingdom of endless duration.

Then to show this Mr. Halley quoted passages first from the books of Samuel giving the original form of the promise to David; then from the Psalms passages illustrating the fulfillment of the promise, and containing the most positive assurance of ultimate fulfillment. Then he quoted one of Isaiah's rhapsodies in which the prophet dreamed of a warless world to be brought about under the influence of a wonderful child who would one day be born of a virgin in the family of David; and closed with a passage from the prophet Jeremiah, who, at a time when the kingdom of David came to an end and the family of David fallen, and to all human appearances God's cause was hopelessly lost, made his famous pronouncement that the promises of God are irrevocable, that God's plans cannot be broken, that God would yet accomplish through the family of David the thing that he originally said he would.

There is very good interest in these meetings and quite a good many are expressing themselves as seeing new beauty in the Bible. Tonight it will be the third recital illustrating the central flow of thought through the Old Testament.

Court Takes AAA's Plea Under Thought

Chicago—The court had under advisement arguments on a petition of the Agricultural Adjustment Administration for a restraining order to prevent two dairy companies from selling milk in the Chicago area because of alleged violation of the Chicago blanket licensing agreement.

Instruments Crack in Studio
So dry is the atmosphere in an old wine cellar that had been converted into a broadcasting studio by the British Broadcasting corporation in London, that wooden instruments kept there for use by orchestras began to crack. The British did not want to give up their wine-cellar studio, so they built a series of trays containing water around the walls of the instrument room, and this provided the requisite humidity.

Slippery roads are dangerous. Why not protect yourself with the Dixon Telegraph's Accident Insurance Policy. It costs but \$1.25 for a year's protection.

First Soviet Ship Greeted by New York

It isn't often an ordinary freighter is saluted by whistles and sirens on arriving in New York. But the reason this honor was accorded the trim motorship Kim, shown steaming into the harbor, is that it's the first Russian vessel to arrive since 1917. The ship, flying a red flag and manned by a crew of 35 men and two women, carried a cargo including wine, chalk and cement.

A Strike That Stopped the Wheels

This isn't a bicycle show; it's a strike. Cleveland messenger boys, dissatisfied with wages and working conditions, stopped pedaling and struck for more money from telegraph companies, declaring they wouldn't turn another wheel until their demands were met. They laid plans to form a union, with the A. F. of L. helping them to organize.

WIRT REFUSES TO GO HOME AS BATTLE RAGES

Hoosier Schoolmaster Had Last Words Up to this Morning

Washington, Apr. 13.—(AP)—Dr. William A. Wirt has been told he may go home now, but pot-shotting continues and the Hoosier

schoolmaster remains, to fire answering volleys.

Up to the dawn's early light today he had the last words—in both cases denials—to broadsides from Secretary Ickes and Chairman Bulwinkle (D, N. C.) chairman of the committee that is investigating Dr. Wirt's "red revolution" charges.

Ickes said Dr. Wirt sought Public Works Administration funds to develop a Lake Michigan beach section into an amusement park. He said the Indiana paid several visits to the PWA on the matter, and seemed "quite willing" to use "Communist money" for an individualistic enterprise.

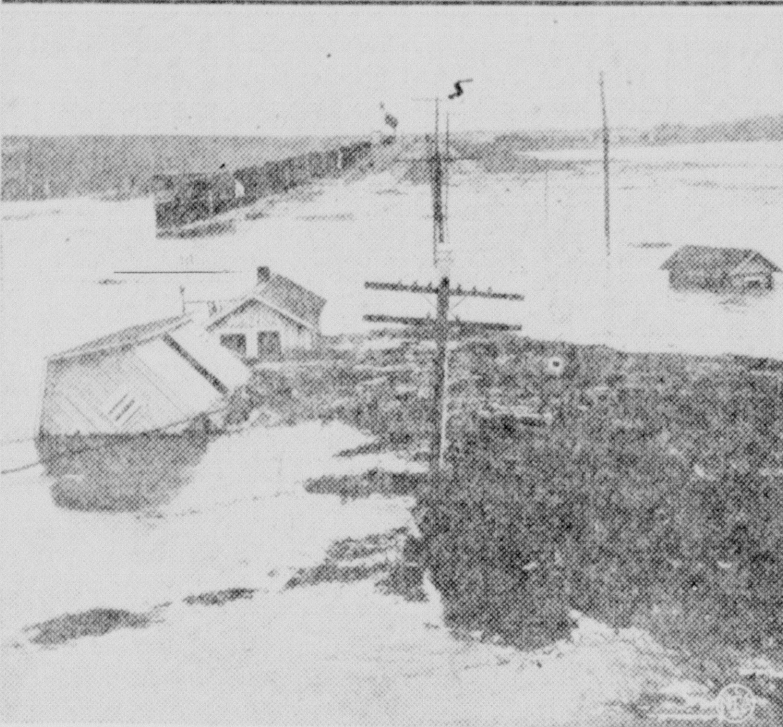

Charges Denied
Dr. Wirt at once issued a statement saying no one connected with his company, which owned the

Byrd Aides Tell of Antarctic Storm

How 40-foot waves lashed the Jacob Ruppert in a howling Antarctic gale and members of the crew, thinking the end had come, asked "divine protection," was the harrowing story related by these members of the Byrd expedition when, as shown here, they arrived in New York. Granville P. Lindley (left), chief electrician, returned on "expedition business" and Victor H. Czegka (right), supply officer, is back to arrange for replenishing of food and clothing.

Puzzle: Where's the Junction?

Clinton Junction, Okla., is only a speck on the map at its best, but even that speck was hard to find after six feet of water rushed over the town when the Washita river went on a rampage as shown here. The rail station kept its equilibrium, but other buildings toppled before the torrents. The flood took more than a dozen lives down stream.

land, had ever "asked for public works money" and that he himself had never mentioned the subject to either a state or federal official.

Dr. Wirt's attorney, James A. Reed, did the talking in the exchange with Bulwinkle, demanding an apology from the North Carolina for his charge that the educator had been jailed during the war for "pro-German" activities.

Reed denied the charge, declared his client had been done "an irreparable wrong" and called for a retraction on the floor of the House.

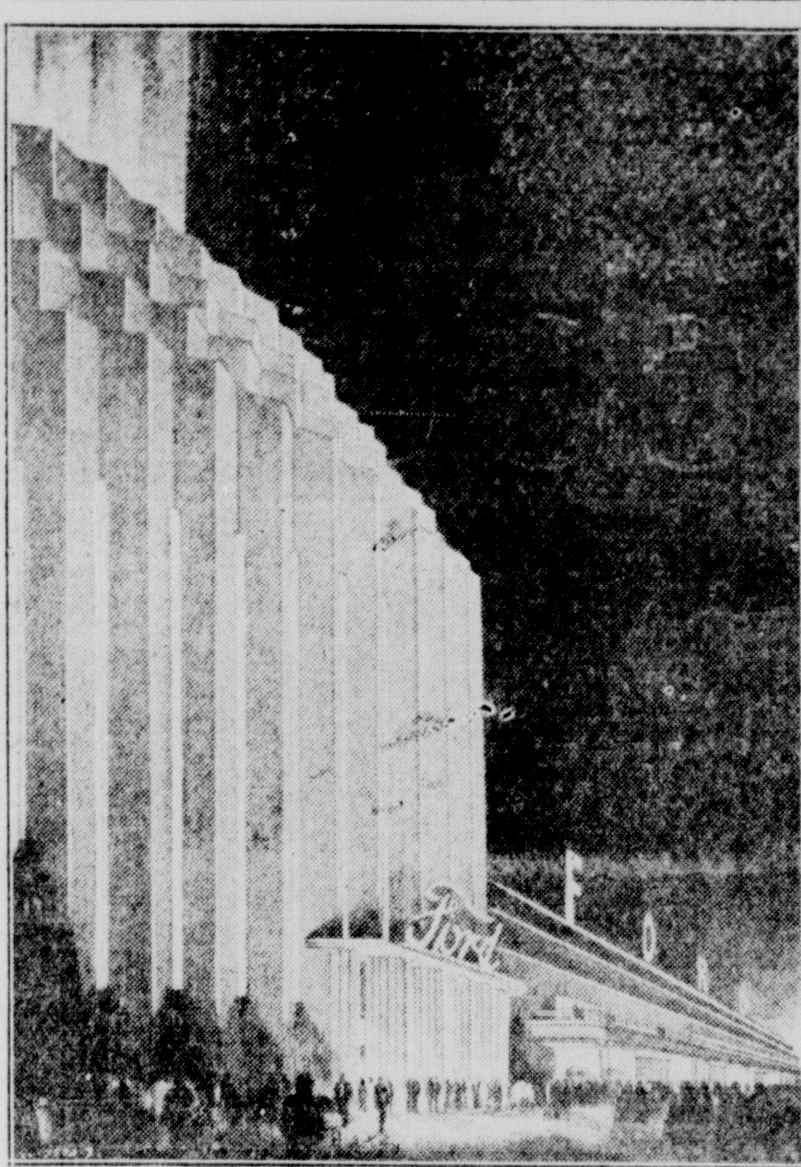

Bulwinkle had departed for a

To House Ford's Farm Exhibit

Ford's Answer to the Farmer's Problem Will Be Shown Here. This, the largest exhibit in the new World's Fair which opens in Chicago May 26, will also contain the "Drama of Transportation," vividly portraying the contributions of science, industry and agriculture to the modern automobile. A special exhibit will show how Henry Ford thinks farmers, individually, can effect their own "relief" by growing soybeans. The drawing is by Hugh Ferriss.

GIVEN INSURANCE

Springfield—An accident suffered while he was in the American Navy in 1918 brought Charles Durbin, Taylorville, Ill., a \$10,000 war risk insurance policy payment. Federal Judge J. Earl Major ruled that Durbin was permanently disabled.

TO FLIP COIN

PEKIN—A flip of the coin will determine the Democratic nominee for Sheriff of Tazewell county. Upon canvassing votes, it was discovered that L. J. Lancaster and Robert Bushby, both of Pekin, were tied. Both polled 1,585 votes.

Motive for Boone Co. Murder Still Mystery to Police

Belvidere—Police were searching for a motive for the slaying by four gunmen Wednesday night of Walton Wheeler, 57, Boone county's wealthiest farmer and money lender. Authorities said Wheeler had foreclosed on many properties in the past few months, and was once beaten by one of his debtors on whom he foreclosed.

ALL OF AMBOY MOURNS DEATH OF MR. VAUGHAN

Had Been the City's Most
Prominent Citizen
for Many Years

By FRANCES LEPPERD
AMBOY—The late Frank C. Vaughan was laid to rest in Prairie Repose cemetery Wednesday afternoon amid most beautiful floral tributes.

Mr. Vaughan was a beloved character of the community. The following tribute to Mr. Vaughan by the members of the local volunteer fire department who were pallbearers at the funeral, well expresses the high esteem in which he was held.

With the passing of Frank C. Vaughan, Amboy has lost another good booster for everything that would help Amboy and the community. As chief of the fire department he was beloved by every man on the force. He had a way of telling in a few words, what and where he wanted each to work, which is a most difficult task. He was likewise very active in helping to acquire the first community fire truck in Lee county. He will be greatly missed by every member of the fire team.

B. L. Hewitt,
Fire Chief.

Living Our Everyday Lives

HERE'S A JOB

By Dr. Joseph Fort Newton

Walter Bagshot tells in one of his essays how he once went into a country church-yard, where he found a stone with this epitaph: "George Philip Tyson, died October 7th, 1871. He Was a Helpful Man." Bagshot says that it was one of the most beautiful epitaphs he had ever read, and he adds, "Would God that they might write it on my stone." Not one of us but will agree with his judgment and with his wish.

It makes one third of an old verse in the Bible, "They helped everyone his neighbor; and every one said to his brother, Be of good courage." Here is a job for everybody, and in this gracious business of helpfulness there need be no employment in a world so full of aching need.

It is something that everybody can do, however humble, and no one will have to walk far to find a real job. There is always someone nearby who needs help—needs it terribly, if we only knew—and if we live helpfully life will become a great big thing before we know it. Such an easy job too, if we know the knack of it. Anybody can lend a hand, give a lift, speak a word of cheer or courage or kindness, and no one can measure how far it goes. If ever we are to find happiness on earth it will be by living helpfully in little acts of service.

To do big things one must limit his energies, contract himself, and be intense, but life is not made up of big things. It is little things that make people happy—little words easily spoken, little thoughtfulness so often overlooked because they are so little. Such things make up

the best part of life, "little, nameless, unremembered acts."

Yes, unremembered by the one who does it sometimes, but not by the one who receives it. A cup of water, said Jesus, may open the gates of heaven, if it be given just for the

joy of giving to cool a fevered tongue. What flower knows the joy its blooming brings to a hungry heart!

Brother man, we are here today and tomorrow gone. If you want to be happy, if you want a job that

pays in joy, just be a helpful man and you will not need any argument to prove a heaven or a map to find it!

CONFUSION ENDED ON BRAN

New Ruling Makes Labels Accurate

To protect the buying public, the United States Food and Drug Administration has advised that every package of cereal labeled "Bran" state on the label exactly what it contains.

Before this ruling, even part-bran products were sometimes mistakenly referred to as "Bran." It was not easy for the purchaser to distinguish between a cereal that was entirely bran, or all bran with flavoring, and another that was mostly wheat.

Kellogg's ALL-BRAN is labeled "ALL-BRAN Deliciously Flavored with Malt, Sugar and Salt," a statement which describes the product fairly and honestly.

Kellogg's ALL-BRAN has won millions of friends because it corrects most types of common constipation safely and pleasantly. It furnishes generous "bulk"—needed to promote normal elimination.

However, ALL-BRAN is not a "cure-all." Certain types of intestinal disorders should be treated only on a physician's advice.

When you buy a bran cereal, for the relief of constipation, read the wording on the package. The facts are there! Make sure by asking for Kellogg's ALL-BRAN. It furnishes "bulk" in a form for satisfactory results.

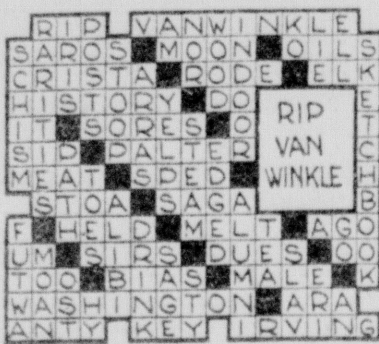

At all grocers. In the red-and-green package. Made by Kellogg in Battle Creek.

GOOD THOUGHTS

Life is not made up of great
sacrifices and duties, but of little
things, in which smiles and kind-
ness and small obligations, given
habitually, are what win and pre-
serve the heart and secure com-
fort.

Sir Humphrey Davy
Thoughtfulness and an instinct
for seeing the little things that
need to be done, and then for do-
ing them.

—Ruskin
Love is never parsimonious. It
has to exceed all bounds. It goes
gladly the second mile. Love is
prodigal and lavish in its self-giv-
ing. It does not keep books. It
goes beyond the frontiers of ex-
pectancy.

—Willkie Martin
To give the best service in any
position, one needs to comprehend
people and have sympathy. Jesus,
the best of all servants, did this:
He knew people and knew them
sympathetically. Who should we?

His perfect discrimination between
good and evil qualities did not keep
him from serving human beings;
it helped him to serve them com-
prehensively and sympathetically.
—Christian Science Sentinel.

But as touching brotherly love,
ye need not that I write unto you;
for ye yourselves are taught of
God to love one another.

with the folks at home. Rev. H.
Currens, well known missionary to
Africa, is at home in our congrega-
tion and next Sunday morning, at
10:30, he will bring the gospel
message to his attentive audience.
This will be his final appearance
among us before his return to Af-
rica. Let every member use this
farewell occasion as an expression
of deep faith. And since in this
connection our Home Mission

Board is to receive a special of-
fering for its encouraging work in
the unchurched parts of America,
let us pledge ourselves to this work
and speak of it with enthusiasm to
our friends.

The ROMANTIC RUNAWAY

BEGIN HERE TODAY

PABLITO, a handsome youth,
becomes a fugitive when he flees
from Key West to Havana with
BEAU and LOTTIE (two thieves).
Pablito has been accused of a
murder he did not commit. MAR-
CIA FREDAWAY, socially promi-
nent, could prove he is innocent
but fears scandal.

Pablito is in love with ES-
TELLE FIELD, daughter of rich
JIM FIELD. In Havana, under
the name of "Juanito," he becomes
celebrated as a boxer and he and
Beau open a gymnasium.

SIR AUBREY, a titled English-
man and Pablito's father, is
searching for his son, employing
BILLINGS, New York detective.
Three years pass and then Pab-
lito sees Estelle again. They ad-
mit their love for each other and
meet secretly until Estelle's
father takes her away on a yacht
cruise. Among the guests on the
cruise is ALEC DAVIDS, who
wants to marry Estelle for her
money.

Meanwhile Billings, convinced
Pablito is Sir Aubrey's son and
knows his father's name, sets to
work to prove this.

NOW GO ON WITH THE STORY
CHAPTER XXXVII

ONE evening in late summer
Pablito appeared in the door-
way of Beau's sleeping room.
"Beau," he said.

"Come in," the other invited.
Beau was stretched out at full
length on the bed. He added, as
Pablito closed the door behind
him, "Hand me a cigaret, will
you?"

Pablito rummaged about the
bureau in the old, slow way that
had been his immediately after
their escape from Field's camp.
Beau had noticed that this man-
ner had returned.

"A match—," he prompted.
Pablito supplied the match and
held it, cupped between his palms,
as Beau lit up. "Well, what's the
trouble?" Beau asked then.

Pablito dropped to a chair by the
bed. He ran his hands through his
thick, light hair. Then, elbows on
knees and eyes averted, he began
to tell Beau slowly and falteringly
about Estelle; of how she was
forced to comply with her father's
demands because Field believed
Beau had murdered Jeffries.

Beau raised himself on one el-
bow. "Hell, kid," he questioned,
aggravated. "What can I do about
it? I love life myself."

"I know," Pablito admitted
wearily. "I don't know why I'm
talking. I wouldn't have you give
yourself up—you know that. But
I'm about half-crazy with things
as they are—"

Beau broke into this monologue.
"Look here, kid! You'll get over
being so choosy in time. Women,

Boy Held for Murder As Kidnaped Baby Dies

The halting, confusing story of how he kidnaped a 2-year-old baby and kept her prisoner until she was found dying of exposure was told by George Rogalski, 13, shown in the top picture as he was quizzed in a Chicago police station, and a coroner's jury ordered him held on a murder charge. Below are shown a doctor and two nurses as they waged a futile fight to save the life of Dorette Zielow, victim of the abnormal youth's shocking deed. The child was lured from home with promises of candy and kept, naked and without food or water, in the attic of an abandoned icehouse for 51 hours.

his sister, Mrs. Mary Graf on Saturday and Sunday.

Miracle of Blood Flowing from Crucifix Announced

Blood flowed from the crucifix shown here, in a miraculous manifestation, as an orphan girl knelt in prayer before it, according to announcement by the Oblate Fathers of St. Joseph, whose mother house is in Asti, Italy, where the crucifix is enshrined. This picture was taken by the canon of the diocese of Asti and permission given to publish it and announce the miracle. A diocesan tribunal, after long watching, decided that no trickery was involved. At the right is the sanctuary of the Oblate Fathers.

Primary election here was not as

splrited as it usually is because of the fine day many of the farmers did not get out to vote but remained in the field. There were 59 Democratic ballots and 55 Republican cast in this precinct. In the race for state senator George C. Dixon and Henry J. White led; H. M. Stewart, Dennis Collins and John P. Devine were the nominees for state representative; Elwin Bunnell led in the race for county judge, while a surprise candidate for county clerk, A. C. Moeller, opposed Neal Reagan for county clerk. Walter Orgiesen was high in the county treasurer race as was Clarence Ross for sheriff, with John Loftus leading in the Democratic poll for sheriff. George Schinckel and F. W. Meyer were nominated precinct committeemen.

— what it means — to store

70 million dollars worth of tobacco

— 4½ miles of warehouses

Everything that Science knows about is used in making Chesterfields.

One thing we do is to buy mild, ripe tobaccos and then lock up these tobaccos in modern storage warehouses to age and mellow like rare wines.

It takes about 3 years to age the tobaccos for your Chesterfield, for Time does something to tobacco that neither man nor machine can do.

It means something to keep 70 million dollars worth of tobacco in storage. It means just this:

We do everything possible to make Chesterfield the cigarette that's milder, the cigarette that tastes better.

the cigarette that's Milder

the cigarette that TASTES BETTER
